Actually, Harry Allen was sending to Kelly and I think Bill, Kelly was summarizing and what I was doing is putting it in an organized form in case we need a good record of past events....

Thanks!

Thanks for sending. If you continue receiving these, can you forward to me. Not sure who is sending these updates out to ask to be added to the distribution list.

I can let folks know we are reaching out to press/congressional with updates and that we have received a number of Congressional letters on Gold King Mine. Can also mention that we have a number of R9 folks deployed, but to date, I have not seen a list of all those deployed. Not sure if you have seen or not.

Also, just talked to John McCarroll, I'm being pulled into the CNMI Typhoon response group, although no specific press items as of yet, going to need to actively monitor....

After talking to a couple of folks here, we decided to have this call today. Hopefully Regions 6, 8 and 9 can fill us in on the spill on where we are from their perspective.
